Job Title: Children's Programmer

The Smiths Falls Public Library is seeking a Children's Programmer to plan and facilitate a variety of individual programs as well as help with our overall summer reading program.

We're looking for someone who:

- * preferably is currently studying education, library science, or similar
- * has experience working with children
- * loves public libraries
- * is enthusiastic, creative, adaptable, reliable, and personable
- * has good computer skills
- * preferably has valid First Aid/CPR
- * is willing to undergo a vulnerable sector criminal record check

To be considered, applicants must meet the requirements of Young Canada Works in Heritage Organizations (<https://www.canada.ca/en/canadian-heritage/services/funding/young-canada-works/students-graduates/heritage-organizations-students.html>).

This position will commence as soon as possible and last until September 2, 2022. The position will pay \$16.00 per hour and be for 35 hours per week.

To apply, please send you cover letter and resume to Amanda Foster at afoster@smithsfallslibrary.ca by Thursday, June 23.
